Instruction Manual

PLASTIC SERVICE CART PSC-3T

Order Code: (T748)

BEFORE ASSEMBLING

Please read this instruction manual before assembly.

CAUTION

Before assembly please pay attention to the following points in priority;

Confirmation of components: Before assembling, please confirm all parts arrived and are in good order.

Site for assembly: Please assemble it on the soft floor such as smooth carpet and flannel blanket. When you assemble on wooden floor, please put thin towels on the floor.

Points for attention when assembling: Please wear gloves to ensure that it can be assembled safely, and use two persons to help in the assembly process.

SAFETY INFORMATION

1. Do not pull this service cart, push it when moving.
2. Must be used on a flat level ground as this Service Cart does not come with brake wheels.
3. Do not tow this service cart with power equipment.
4. Do not overload this service cart over its load rating.

CAUTION: Do not attach or mount this product to a vehicle. This may cause personal injury or product damage. Mounting this product to any vehicle in any manner will void warranty.

CAUTION: Keep the product on level surfaces. The product may become unstable and tip if stored or moved on an un-level surface, which may cause personal injury or product damage.

CAUTION: Do not stand on this product. You may fall which may cause personal injury or product damage.

CAUTION: Before moving this product, make sure any objects in the shelf compartments are stable enough and will not roll over and fall out.

*Tools not included

STEP 5

Flip the Plastic Service Cart over upright on its Wheels. Insert 2 x LH Post Caps (G) and 2 x RH Post Caps (H) into their corresponding corners of the Top Tray (C). Use a mallet tap the Caps down flush as shown below. The Plastic Service Cart is now ready for use.

ENVIRONMENT PROTECTION

Recycle unwanted materials instead of disposing of them as waste. All tools, accessories and packaging should be sorted, taken to a recycling centre and disposed of in a manner which is compatible with the environment. When the product becomes completely unserviceable and requires disposal, drain any fluids (if applicable) into approved containers and dispose of the product and fluids according to local regulations.
